

# How can adult social care better support LGBTQ+ residents in Newham?

I'm Sebastian, working with IMPACT and Newham Council to understand how adult social care can better support LGBTQ+ people in Newham.

Whether you work in Newham Council adult social care, or have done so in the past, or with another social care organisation in Newham, we'd love to hear your views.

**Your feedback will help** us understand what helps create more inclusive and supportive conversations in adult social care.

You can share your views in a short one-to-one chat - in person or online.

## What we'd like to hear about

- How comfortable you feel talking to residents about sexuality and gender identity
- What helps or makes it harder to have these conversations
- What would help create a more supportive environment for everyone

### Who can take part:

Anyone working in adult social care, in Newham Council or other local organisations

### What's involved:

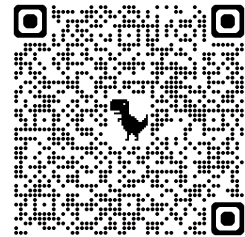

A relaxed, confidential chat (30 - 45 minutes)

In person, online, or by phone - whatever's easiest for you

### To get involved:
