MOMENTS TOGETHER

LOOKING AHEAD TO 2026

Co-produce a webpage for the *Enhancing Voice, Choice and Control* theme

Co-write a chapter in the *Research Handbook in Change & Improvement in Adult Social Work & Social Care*

Support the Evidence and Evaluation team to use the co-produced evaluation framework across IMPACT's delivery projects

Co-produce a training module, board game, and evidence review about anti-racism in co-production in partnership with the *Co-production Collective*

Continue to develop the co-production handbook, with a focus on how to embed this handbook within IMPACT staff as well as how to publicise an external version

CpAG will continue to provide advice, lived experience expertise, and challenge to shape IMPACT's co-production approach through spotlight sessions, buddying, and additional co-production support.
